Flowerfell

Medium: Perler Beads

Artist Statement:

For these two pieces together it took a long time to put each bead in the right spot and to make sure none of the beads got bumped and fall over. These pieces are my biggest perler bead projects I've ever done. I would start on them after school and continue on until nine at night. They take patience and a steady hand to get through a big project with such tiny beads.

Description:

The two are both skeletons from a video game called undertale made by Toby Fox but this is not the same design as the OG sans. The Skeleton the skeletons I made are a fan made world of the game called Flowerfell and Underfell a more meaner side of the nice skeleton we see in the OG game made by Toby Fox.

Status: Exhibit only
