Tedious Beauty

Medium: Oil Pastel

Artist Statement:

For this piece I decided I would use oil pastels which is something I don't use very often. I wanted to do something different for a change. For a reference I used a picture I took of the lake by my house. I think this whole process was pretty relaxing even if it took longer to complete than I wanted it to. In the end I was very happy with the results.

Description:

Lake surrounded by tall mountains and beautiful greens.

Status: Exhibit only
