## Dreary Mountains

**Medium:** Acrylic paint

### Artist Statement

My name is Kaidance Dolsman and this is my original painting: "Dreary Mountains." I was inspired by the area I live in from the mountains and trees I see every day while living in Northport, Washington, a rural town and quiet town. During this time of year, the mountains have a mist around them causing a dreary feeling that is very peaceful and pleasant to me. Our quiet, small town can bring anyone a sense of peace if they can just take a moment and look around at all the pleasant views.

### Description

My painting has a dreary sky with a mountain in the background which creates a lonely and gloomy effect throughout the entire painting. There are also trees surrounded by an old house that tries to hide the house from the rest of the objects in the painting. Also, there is an old man fishing in the river still brings a sense of happiness to the dreary effect in the scenery. The bleak feeling you get from this painting creates a sense of peacefulness to the viewer.
