Artist Statement

This landscape is meant to portray the freedom of the nature world. I wanted to create a graphic artwork that was non-restrictive, less rigid, and celebrated the imperfections of nature. This is a lake in Piltvice Lakes National Park, Croatia, a place I'd like to travel to. I love the colors and tranquility of fall.

Description

A landscape of a lake surrounded by small waterfalls and autumn trees at midday. I hand-drew the shapes and textures in Adobe Illustrator, using fall colors, highlights, shadows, and gradients. The design was also inspired by classic vintage National Park posters by the WPA.
