Artist Statement

I want the viewer to see the world we live in as something precious, delicate, and ethereal. I got my inspiration from the Celtic goddess Danu. She represents mother-Earth in Celtic lore.

Description

Celtic goddess Danu is watching over Earth. She is both ethereal and connected to Earth, the clouds make up her hair. I used textures and patterns to represent the moon, stars, and seas. At the bottom I wrote a quote in the Uncial calligraphy hand from a poem that inspired me by E.F. Hayward.
