Lavender and the Beast

Medium: Watercolor and graphite on Watercolor paper

Artist Statement

The piece was meant to show the beauty in horror. My favorite date idea is watching horror shows/movies together, although that mainly just because horror is my favorite genre. I wanted to show a grotesque monster in front of a romantic lilac background to reveal the fondness I feel towards the genre.

Description

A grotesque, lanky, graphite monster standing in front of a rectangular lavender/lilac background.

Status: Exhibit only
