## New Life Ahead

**Medium:** Mixed media

### Artist Statement

My piece “A New Life Ahead” was inspired by spring. When I think of spring I think of new life and new opportunities. All the baby animals being born, the flowers start blooming, and insects come back out, well the pretty ones at least. Butterflies also symbolize new life which goes perfectly with what inspired this piece. I love how the eye, the butterfly and the one blue flower all are the same color. I think it really pulls it together and makes the this painting feel somewhat symmetrical even though it is quite abstract and shows a lot of emotion. For me when I look at this piece it makes me happy and makes me feel refreshed and excited for the warm sunny days ahead.
