Instructor: Rebekah Wilkins-Pepiton

Wooden Flame

Medium: Acrylic on Wood

Artist Statement

This piece was the first time I had the opportunity to paint on wood. In picking my subject, I wanted to play on the irony of painting fire onto the piece of wood. I wanted to create the effect that the piece of wood could be giving a sort of prophetic rendering of its future, wood burned by fire.

Description

Acrylic painting of match and flame on wood.

Status: Exhibit only
