

endless time

Student: Jakob Underwood

District: West Valley School District

School: West Valley High School

Instructor: Rose Honey

endless time

Medium: Water color/acrylic/ink

Artist Statement

During the pandemic it was a really hard time for me because of isolation, because I would constantly find myself looking out the window and imagining that I am in a different universe floating around in space. I made this piece with the feeling of being quarantined for months on end in mind and to convey my feelings about this pandemic.

Description

I used mixed medium, I used water color, acrylic and ink.

Status: Exhibit only
