A Walk On The Beach

Medium: Photography

Artist Statement

My name is Natalie and a year later, I'm back and now 15. Everything has changed except my love for photography. Over the past year, I have been taking more and more pictures, improving my photography skills. With my new photography class I'm starting, I'm hoping to become a better photographer every day.

Description

On a vacation to Seaside, Oregon, I thought it was a great opportunity to take a few photos. This picture is of a huge jellyfish that had washed up on the shore. With the sunset hitting it perfectly I was able to catch the red glowing luminescence.
