## The True Beauty of Northport

**Medium:** Digital

### Artist Statement

Hi, I'm Ella Sphuler, I'm a freshman at Northport High School. I put a picture of the mountains and the sun setting in the show because it really shows how beautiful Northport, Washington can be. This picture really inspired me to take more scenery pictures to capture the beauty in everyday life. I took this picture because I thought it was a really pretty sunset.

### Description

This is a picture of the outdoors in the rural town of Northport, Washington. I wanted to capture how pretty the outdoors can be at night when the sun is setting.
